

Projects Not Included in Directory of Estuarine and Nearshore Marine Habitat Assessments

Group	Project/Program	Contact Name
	Bellingham Bay Pilot Project	Brian Williams WDFW
	Nearshore PRISM	Si Simenstad
Army Corps of Engineers Bank Stabilization Workgroup	Developing permit conditions for alternative shoreline stabilization methods	Cindy Barger
Burien Parks and Recreation	Seahurst Park Restoration Project	Scott Thomas
CERCLA (Superfund Projects)	Commencement Bay Eagle Harbor Lower Duwamish Harbor Island Elliot Bay	Allison Hiltner for Commencement Bay
Cherry Point Technical Committee (WDFW)		Greg Bargmann
City of Seattle	Shilshole Estuary Study	Gail Arnold
Climate Impact Group @UW	Climate-variability & change effects on estuaries of estuarine processes	Doug Canning
DNR	Biotic Community Work	Helen Berry
DNR	Multispectral Inventory Work	Helen Berry
Ecology, WDFW, DOT	State of the Knowledge Report: Dredging Activities: Marine Issues	Doug Canning
Ecology, WDFW, DOT	State of the Knowledge Report: Ecological Issues in Floodplains and Riparian Corridors	Doug Canning
Ecology, WDFW, DOT	State of the Knowledge Report: Marine and Estuarine Shoreline Modification Issues	Doug Canning
Ecology, WDFW, DOT	State of the Knowledge Report: Overwater Structures: Marine Issues	Doug Canning
Ecology, WDFW, DOT	State of the Knowledge Report: Treated Wood Issues Associated with Overwater Structures in Marine and Freshwater Environments	Doug Canning
Ecology's South Puget Sound Nutrient Modeling (SPASM)	Nutrient loading and water quality modeling	Bob Cusimano
Jamestown S'Klallam		Bryon Rot
King County	Beach Seining Studies in King County Nearshore Waters	Jim Brennan
King County & University of Washington	Supralittoral Studies	Jeff Cordell
King County DNR	Marine Outfall Siting Study	Randy Shuman
NOAA	Natural Resource Damage Assessment for Commencement Bay	Jennifer Steger
NOAA	Natural Resource Damage Assessment for Duwamish	Bob Clark
Pacific Coast Joint Venture	Wetlands acquisition	Joe LaTourette
Padilla Bay National Estuarine Research Reserve	Salmon use of slough	Glen Alexander
South Sound Ecopath (NWIFC)	Food web model for south sound	Scott Redman
Squaxin Island Tribe	Shellfish Surveys	Ian Child
Thurston Regional Planning Council	Digital data base of shoreline armoring (Thurston Co.)	Steve Morrison

Group	Project/Program	Contact Name
USGS	Bathymetry & Substrate Studies	Mike Fischer and Walter Barnhardt
UW - Wetlands Ecosystem Team	Characterization studies	Si Simenstad
WDFW	Hydroacoustic monitoring for marine fish	Curt Stick
WDFW Point Whitney Lab.	Shellfish beach surveys; geoduck monitoring; beach numbering	Randy Butler Alex Bradbury
Western Washington University		Prof. Terich
Whatcom County MRC	Habitat Projects (TBD) ???	Bruce Roll

Lead Entity contacts and Curtis Tanner at USFWS were sent an e-mail requesting information about additional projects. None were identified.
